PRO  **VENANCE**
RESEARCH

.INTEGRITY .INNOVATION .LEADERSHIP .CUSTOMER FOCUS .EXCELLENCE .TEAMWORK

Provenance Research (India) private limited is a global medical information provider to Pharmaceutical clients, Medical professionals, para-medical professionals and patients.

Provenance thrives as a comprehensive medical knowledge contributor to update the knowledge of healthcare service providers thereby ensuring easy availability and quick access of information that is critical for maintaining quality healthcare.

We are committed to excellence in all areas of medical communication from concept to printing.

QUALITY & CONTENT

Vision

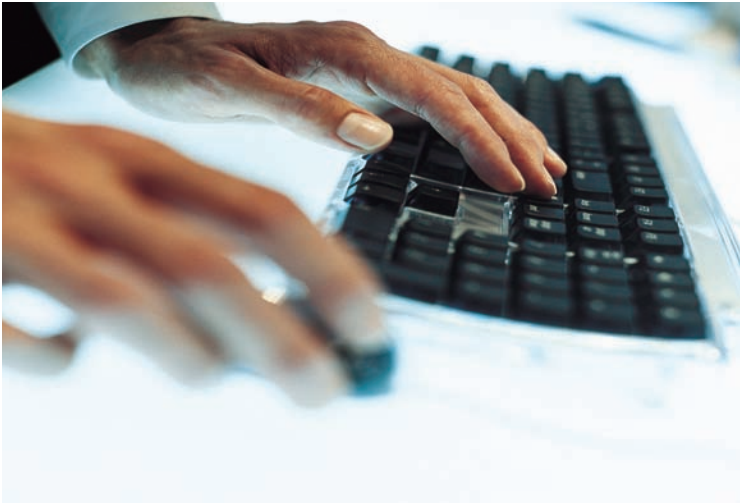

To become a leading pharmaceutical contract service provider by accomplishing continual growth in the global market.

Mission

Our mission is to provide pharmaceutical clients and partners, superior and high quality contract services that consistently exceed the client's expectations with high ethical values for the benefit of public health

Our People

We depend on our people's knowledge, skills, zeal, and dedication to make our business successful. Our belief is that providing the best work environment to our people will ensure that they will provide the best services to our clients.

*Contribute, customize
and maximize medical
communication/knowledge
discovery*

Why Provenance editors?

- In depth medical knowledge
- Communicate ideas with the end user in mind
- Proficiency to actively observe and record
- Ability to clearly and logically analyze the concept
- Excellent command over English language
- Self-motivated and self-disciplined
- Committed to work independently for long hours

Quality is indispensable “Each time: first time”

In today’s competitive world, globalization and direct access to information have changed the way clients conduct business. Giving impetus to the needs of our client, quality has become part of Provenance culture, offering quality services is our highest priority. All employees of Provenance are committed to devote themselves to proffer services that please our clients.

The theme of Provenance is a function of what clients expect and how well Provenance delivers them in time.
